4-Anglophile has managed to win over \$1,000,000 in only 26 races, by being handled competently and given periodic rest. Returned on 16 April just failing to get up after going 6 wide. Has not won since 2024, which will cause many to snub him at the windows. Value will prospectively be there for citizens of this country and for limey bastards across the pond. Exacta prospect for *Red* players could make a nice little payday. God save the Queen! **4-Anglophile** is the ***“Worst Mother-Fuckin’ Bet of the Day.”***

Win, place and show, is all you gotta know.
