8-Protective was off for nearly 8 months, returning at Saratoga on 31 August. He was one of Repole's hopefuls for the Kentucky Derby in 2024, and I fear this agenda was anything but 8-Protective. Being offered for the first time today, for only \$40,000, and the prudent will be scared away should he actually enter the starting gate today, and this is not just a ploy. Mr. Repole needs to learn that it takes more than money to win the Kentucky Derby (but money sure helps). Personally, I wouldn't touch this horse with a ten-foot bridle. Save your money. **8-Protective** is the ***"Worst Mother-Fuckin' Bet of the Day."***

Win, place and show, is all you gotta know.
