6-Charms of Venice came over here from Ireland after being bred in Great Britain; certified euro trash. Her first race in the country she was competing for a \$2 million purse at Kentucky Downs on 9 September off a 81-day layoff, returning on 3 October in a more reasonable allowance race where she closed well losing by 1-3/4 lengths. They say that the 3rd time is a *Charm*, and who am I to argue with that theory. Based on my assessment of the information available to bettors in this race, the win money will be evenly distributed among the majority of the runners, creating a profitable scenario. I don't care what sports you like, whether golf, football, baseball or tennis, just bet on *Venice*. **6-Charms of Venice** is the ***“Worst Mother-Fuckin’ Bet of the Day.”***

Win, place and show, is all you gotta know.
