9-Aoife's Magic has no formal workouts since her last race on 29 December, but given what rough weather Parx had in January, who could blame them. Still, proceed with caution. She is lightly raced, having only 13 races at 5-years old. She gets an outside post off the chute, and is definitely *due*, having not won since 27 December 2023. I will take any kind of moderate price on her, as in my estimation, she should be a 5/2 favorite. What is the secret to my success you ask? No, it's not *Magic*, just common and horse sense. Soon I will be coming out of hibernation, and you may see me at your track kicking ass and signing autographs. It ain't easy being me; the girls just won't leave me alone! Everybody loves a winner! **9-Aoife's Magic** is the “*Worst Mother-Fuckin' Bet of the Day*.”

Win, place and show, is all you gotta know.
